4	legislative, professional, educational and lay leadership on a nationwide basis at the state and local
5	levels.
6	2. Provide a forum for the discussion, development, crystallization and recommendation
7	of public policy alternatives in the field of education.
8	3. Provide a clearing house of information on matters relating to educational problems
9	and how they are being met in different places throughout the nation, so that the executive and
10	legislative branches of state government and of local communities may have ready access to the
11	experience and record of the entire country, and so that both lay and professional groups in the
12	field of education may have additional avenues for the sharing of experience and the interchange
13	of ideas in the formation of public policy in education.
14	4. Facilitate the improvement of state and local educational systems so that all of them
15	will be able to meet adequate and desirable goals in a society which requires continuous
16	qualitative and quantitative advance in educational opportunities, methods and facilities.
17	B. It is the policy of this compact to encourage and promote local and state initiative in
18	the development, maintenance, improvement and administration of educational systems and
19	institutions in a manner which will accord with the needs and advantages of diversity among

21	C. The party states recognize that each of them has an interest in the quality and quantity
22	of education furnished in each of the other states, as well as in the excellence of its own
23	educational systems and institutions, because of the highly mobile character of individuals within
24	the nation, and because the products and services contributing to the health, welfare and economic

In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(J).
 - C. The commission shall have a seal.

- D. The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman and a treasurer. The commission shall provide for the appointment of an executive director. The executive director shall be secretary.
- E. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.
- F. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

Any donation or grant accepted by the commission pursuant to this 5 6 paragraph or services borrowed pursuant to paragraph (F) of this article shall be reported in the 7 annual report of the commission.
